

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruise or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

Here's Proof

Charles Johnson, P. O. Box 105, Lawton's Station, N. Y., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I threw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."

Frank Hill arrived home from a visit to Oklahoma and Kansas City, Tuesday. He has been gone for three weeks.

ADDITIONAL LOCALS

Come to the poultry show.

W. L. Addis of Marceline was here Tuesday.

See the official vote of the county in the issue.

Mr. and Mrs. John Shannon were here Saturday.

Has the bobtailed comet bumped in Arcturus or backed up?

The poultry show is great. Come and take a good look at good birds.

Mrs. Prosser Haskins and children are visiting relatives west of town.

Wm. Deitrich and Hugh Gordon of Rothville were here Thursday on business.

Mrs. Laura White and son, Richard of St. Louis are visiting at the home of S. M. White in Keytesville.

The official vote of the county will be found in this issue. Cut it out and paste it in your hat for future reference. It is correct.

Mrs. Walters has moved into her new home, a former Hill estate property, which she has remodeled. She became domiciled in her new home this week.

Jim Ben Willett and John Ward left here Saturday for Kansas City where it is reported the boys intended entering the navy. Jim Ben got as far as Carrollton when Willett pater hove in view and the boy returned home. John was home again Tuesday.

Mrs. Claib Franklin was a visitor to Salisbury last week.

Some Gobbler, Rooster, Drake and Superintendent at the poultry show.

Sheriff Hurt says that business is dull at the jail. There is but one prisoner, that a negro.

Hon. J. S. Wallace is some on political sprinting. His majority in the senatorial district is flattering.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

To Louisiana

Tuesday, Nov. 17 1914

NOW that so many splendid men from Chariton, Howard and Carroll Counties have been to Louisiana and looked over that section of the state where the grand old families of the South have lived and produced large and abundant crops, and have made great sums of money out of the richness of the soil, and where they have lived in luxurious pleasures to a ripe old age on account of the healthiness of the climate and because the summers were pleasant and winters mild, and since these men are testifying so strongly to the truthfulness of our statements with reference to production, health, climate, etc., we have no hesitancy in urging you to make the trip with us TUESDAY, NOV. 17th.

Louisiana Where the Farmers Make Money

Suppose you own 160 acres of land in Louisiana. You sow 80 acres to oats in October, the other 80 you plant to corn the following March. You plow it and lay it by. Your 80 acres of oats is then ready to harvest the first of June. You immediately plow the 80 that was in oats and plant that to corn thereby producing 240 acres of crop on 160 acres in one year, and you do it with the same help and teams as are required to cultivate 80 acres of land in Missouri or Illinois, because owing to the length of season you do it 80 acres at a time thereby saving you the expense of extra teams and extra feed for these teams. This saving you add to your profits.

Another reason you can make money in Louisiana is, instead of paying \$2.00 or \$2.50 per day for help to cultivate and harvest your crop, you have all the labor you need at \$1.00 per day and they board themselves, again adding to your profits.

Then again grass of the finest quality for pasture is to be had the year around thereby saving long winters feed which is necessary in Missouri or Illinois. So again you add to your profits.

And the best of it all is, you buy this land for \$50.00 per acre. In Missouri or Illinois it will cost you from \$100.00 to \$300.00 per acre. In Louisiana you buy the best at \$60.00 per acre; in Missouri or Illinois you buy the poorest at that price.
